

## Auditor

### Your job

Working as an Auditor provides one of the finest and fastest educations in business imaginable. Being part of the largest professional services firm in Belgium, you will work in a multi-disciplinary team for large national companies or multinationals. You will discover many aspects of business and financial services, including statutory audits, consolidation, due diligence, fraud research, internal audits and many more.

Your role will go far beyond that of checking figures and numbers, as companies in different sectors will call on you to provide your insights and to support their management.

### As an Auditor you will:

- Develop an understanding of your clients' business and the risks they face;
- Test the efficiency of the internal control system and review the design and implementation of internal accounting and operating procedures;
- Provide recommendations for improved controls and enhanced business efficiency;
- Approve year-end figures, checking all items of the balance sheet and profit and loss account thoroughly;
- Gain understanding of the figures through performance of analytical procedures on the figures;
- Approve financial statement reports and prepare documentation in support of Deloitte's opinions.

As you grow in your job, you will have the opportunity to learn how to delegate tasks and how to coach your colleagues. As you get more proficient in combining these various skill sets, you may deal with clients on a senior level and continue to develop your management competencies.

Everybody who starts with Deloitte gets extensive induction training. Throughout your career, we expect you to focus on continuous learning and coaching-on-the-job. At Deloitte, you will see a lot of different clients and projects, allowing you to combine these experiences and share them with your colleagues or convert them into innovative proposals for upcoming projects.

### **Your profile**

- You are a team player, assertive, open-minded, enthusiastic and flexible;
- You demonstrate strong analytical skills and are quality and service-minded;
- You can prove strong relevant non-academic achievements and you have excellent IT skills.

### **Languages**

You are fluent in Dutch or French and have a good working knowledge in English.

### **Educational level**

You have a Master in Economics, Management, Commercial Engineering, Accountancy, Mathematics, Actuarial or any other related business study.

### **Locations**

Antwerp, Diegem, Hasselt, Kortrijk or Liège.
